DATA SHEET

Mounting Bracket Kit

MBK-23

- This two part heavy duty mounting bracket is designed for use with many of CCI's wider and taller antennas
- Bracket kit has a fixed lower and upper bracket and locks antenna at 0 degrees of mechanical tilt
- Rugged and weather resistant design
- Adjustable clamps fit poles from $\text{Ø}3 - 5$ inches ($\text{Ø}75 - 127$ mm)

Overview

This adjustable tilt Pole Mounting Bracket is designed for use with CCI's MultiPort, Bi-Sector and MultiSector antennas that are taller than 5 feet (1.5 m) and wider than our other antennas. The MBK-23 bracket kit delivers a very stable mounting and is fixed at 0 degrees of down tilt. The rugged design supports CCI's taller antennas while resisting the elements. The clamps adjust to fit pole diameters ranging from 3 – 5 inches (75 – 127 mm). CCI antenna brackets are designed and produced to ISO 9001 certification standards for reliability and quality in our state-of-the-art manufacturing facilities.

Applications

- Ideal for pole mounting in urban settings
